

February 1, 2005

Supervisor James White
Milwaukee County Supervisor
901 N. 9th St., rm 201
Milwaukee, WI 53233

Dear Supervisor White:

Thank you for agreeing to serve on the Advisory Committee that will direct the preparation of a short-range, five-year transit system development plan for the Milwaukee County Transit System. The plan is intended to consider the performance of the transit system over the next five years of 2006 through 2010. The County has requested the assistance of the Southeastern Wisconsin Regional Planning Commission in preparing the new plan, and the Commission staff is working closely with Milwaukee County Transit System staff and the Milwaukee County Department of Parks and Public Infrastructure staff. The Advisory Committee will oversee the work of the interagency staff team as it completes the various work elements undertaken on the plan. A list of the other members of the Advisory Committee is enclosed.

It is anticipated that the study to complete the new transit system development plan will take approximately 12 months to complete. During this time, meetings of the Advisory Committee would be scheduled on a bimonthly basis to review draft chapters of the final study report and other technical materials prepared by the Commission or County staffs. In addition, public informational hearings will be held at two different times during the study at various locations in the County to allow for public review and comment. At this time, it is anticipated that the first meeting of the Committee will be held in February. The materials for that meeting and all subsequent meetings will be mailed to you by the Regional Planning Commission.

Again, the county greatly appreciates your serving on the Advisory Committee for this important study. Your comments and suggestions, as well as overall guidance will be instrumental in preparing a sound short-range development plan for the Milwaukee County Transit System.

Sincerely,

Scott K. Walker
Milwaukee County Executive
