

**Objective:**

County Executive announces the appointment of a Commission to review the gap in services created by the closure of OIC-GM. The Commission will review the need for the creation of a new organization and the possibility of meeting those needs through existing organizations within the community. Ultimately, the Commission must insure that the positive legacy of the Rev. Dr. Leon Sullivan lives on in the greater Milwaukee community. The members of the Commission will be asked to create a report to present to the County Executive and the public.

The members of the Commission would meet with representatives of state government and with members of the community.

**Members suggested by Edward Bolton:**

John Daniels  
Dr. William Finlayson  
William Jenkins  
Julia Taylor  
Tim Sheehy
