

Last Monday, I presented our Blueprint for Economic Prosperity at Buycrus International in South Milwaukee. Our plan will help get the economy going in our county and throughout the region.

First, we propose a series of tax cuts that are targeted to stimulate the economy by putting more money in the hands of consumers and employers. We cannot wait for six months, a year or more down the road. People need help now.

End sales tax for 2009: We would suspend the collection of the county sales tax through the end of the year. Imagine the impact
